Nothing except peaceful protest happens until the Election is certified in Congress. If TRUMP, you will probably have to fight your way off the Mall as enemy forces (some with badges) try to create a fascists vs. socialist martyrs freedom fighter movie. People will die. If BIDEN, and you plan on storming the House, it's a Revolution. People will die. So if you are ready to die, you are going to the right place. The Boston Massacre didn't win the Revolutionary War, but it helped kick it off. The Battle of Jan 6th will go down in history one way or the other: as the first battle of the 2nd American Revolution, or as the Capitol Massacre. Godspeed Patriots. May God have mercy on our Republic.

22 And the LORD spake unto Moses, saying ,

23 Speak unto Aaron and unto his sons, saying , On this wise ye shall bless the children of Israel, saying unto them,

24 The LORD bless thee, and keep thee:

25 The LORD make his face shine upon thee, and be gracious unto thee:

26 The LORD lift up his countenance upon thee, and give thee peace.

27 And they shall put my name upon the children of Israel; and I will bless them.

It should go without saying at this point, that Patriots are ready and more than able to deal ANYONE who tries to steal our government. No BLM, ANTIFAG, LEFTIST, DEMOCRAT, RINO, filth is going to get away with turning our nation into a Communist Cess Poll, and defraud our election process.

Every last one of these criminals should be strung up on the white house lawn. everyone who participated, planned, and supported it.

- Every Elected Official,
- Every Member of the media,
- Every BLM & ANTIFA member,
- Everyone funding it,
- Everyone printing fake ballots,
- Every officer of every social media company that supported it,

EVERYONE INVOLVED SHOULD BE CHARGED WITH TREASON, CONVICTED, AND EXECUTED IN ACCORDANCE WITH THE LAW.

Patriots will be there, Armed to the teeth. Millions of them. To defend our Constitution and our Republic from all enemies... Foreign and DOMESTIC.

Let's get philosophical shall we?

AND OUT SPAKE HORATIOUS, CAPTAIN OF THE GATE! Death comes to all men of this world, be it soon or late. And how can a man die better, than facing fearful odds. For the ashes of his fathers, and the temples of his gods.

If it comes to a fight, it comes to a fight. We've done it before, we'll do it again.

Every single known platform is killing off people who are popular live streamers to prevent this getting out and broadcast.

I suggest any person live streaming to contact RESTREAMERS like Portland Andy and Austin Zone (DLive) or Steve at PT News Network

And the bridges. Look at a map of D.C. Shitloads of choke points.

They'll *never* turn off the towers as they give the feds the best way of tracking exactly who is in the District.

So when you go in, turn your phone off beforehand and turn on an action cam that has plenty of spare batteries and memory cards so you can record non-stop and not worry about getting your phone snatched-and-smashed.

If something crazy happened you'll likely have big streaming services pull the videos. That also requires a lot bandwidth which is not easy to get. You're better off just recording it normally.

Or just wear a shirt/coat with a front breast pocket. The top of the phone usually sticks out of it enough for the camera to be unobstructed.

Do videos in 10-20 minute increments. If nothing interesting happens, delete the video, and start a new video (assuming your phone doesn't have a huge hard drive).

You can probably rig something to attach to a molle system ( velcro attachment) that usually comes with plate carriers.

1. Armor
2. Eye and respiratory proection ( think goggles and gas masks or painting respirators)
3. knee protection
4. good shoes
5. Weapons (knives, batons, metal knuckles)
6. Firearms (because its our God-given right goddamnit)

Just look at Antifa as they have been doing this for years and have refined their tactics.

Skateboards double as a shield and striking weapon.

Food tins as projectiles, bike locks for striking. All 3 have legit excuses if searched by the cops.

Pouring water on tear gas cannisters neutralises them, particularly if you place a traffic cone over it first and pour into the hole.

(Tear gas tactics from the Hong Kong protestors before China launched the WUFLU to shut them down and take over)

▲ 8 ▼

= [ChelseaHubbell](#) 8 points 11 hours ago +8 / -0 ([edited](#)).

Antifa tactics is Hong Kong protests tactics. Everything from the umbrella etc all taken from HK protests, the tactics work. I've been downvoted to hell for suggesting we use the same tactics because some folks are so hateful of antifa that they won't even think of using what clearly works.

▲ 6 ▼

– [EdmondDantesDog](#) 6 points 12 hours ago +11 / -5

The error with your thinking is that Antifa was backed by the police and politicians so none of these tactics will work for us as they dont follow their own rules.

I like cheap things, gasoline for example ! What would happen if DC was just burnt to the ground and it could be completely defunded and rebuilt!

They also script and rehearse their protests because leftist protests are really just a show for the people watching at home.

They script it to have "sympathetic characters" and they have the cameras ready to broadcast whatever sympathy-stealing incident they have planned.

as funny as it is I know the real reason.

its actually the way the connector inside lines up. when you observe it you're perfectly watching the edges, but just going by feel it never works the first time. Its because if you look inside the thing theres a bar that goes across that

2/25/2021 POTUS RETWEET: If you are planning to attend peaceful protest in DC on the 6th, I recommend wearing a body camera. The more video angle that da... has to line up just perfect and sometimes even the edges aren't a good guide of it heading in straight-on.

i know this is stupid but i plug in a ton of these so i've thought of why it is.

How do you turn off the video time limit? I was pretty sure it was capped at 10.

How much video can you fit on one phone before needing memory cards?

I wouldn't rely on getting a signal and I wouldn't count on iOS allowing an old phone to keep recording for more than 5 min at once. Get a real cam that won't run out of storage in 15 min so you can set it and forget it and be of actual use to the world when you need it
